

And now let us  
sing al together.

Post

you are like a little  
dove, with the wet  
little wings, waiting  
for the sun to dryed  
it up, so that could open  
the wings wide and  
flow to people and  
bring them masages  
of love

I wish the Muse would  
come and soon  
Join Algg

And now let us  
sing al together.
